About Me

Senior Front-End Engineer with 8+ years of experience building high-performance, responsive, and scalable web experiences. Specialized in Shopify and e-commerce development using Liquid, JavaScript, Vue.js, Nuxt.js, and TailwindCSS. Experienced in Shopify themes, APIs, metafields, metaobjects, product and variant workflows, cart and checkout, third-party integrations, analytics, accessibility, performance optimization, and conversion-focused UX. Strong problem-solver with a track record of owning complex front-end projects and delivering reliable solutions in fast-paced international remote teams.

Technical Skills

- **Languages:** JavaScript (ES6+), HTML5, CSS3, Liquid
- **Frameworks:** Vue.js, Nuxt.js, Shopify Theme System
- **Shopify:** Shopify Themes, Liquid, Metafields, Metaobjects, Shopify APIs, Product & Variant Workflows, Cart & Checkout
- **Integrations:** Searchanise
- **Styling:** TailwindCSS, SCSS, Responsive Design, BEM
- **Tools:** Git, Webpack, Shopify CLI, REST APIs, JSON

Professional Experience

● Sr Shopify Developer

April. 2021 - Present

Le Ventures — West Hollywood, California, USA (Remote)

- Develop and maintain production Shopify storefronts using Liquid, JavaScript, Vue.js, and TailwindCSS.
- Build reusable front-end components and custom features across product, variant, cart, checkout, and merchandising workflows.
- Integrate Shopify APIs and third-party applications to support store operations, automation, analytics, and customer experience.
- Optimize storefront performance, accessibility, responsive behavior, and cross-browser compatibility.
- Troubleshoot complex front-end, Shopify, integration, and tracking issues across multiple production stores.
- Collaborate with designers, developers, and stakeholders to translate Figma designs and business requirements into production-ready experiences.
- Contribute to front-end architecture, code reviews, documentation, testing, and development best practices.
- Take ownership of complex features and deliver solutions across multiple international e-commerce projects.

● Front-End Engineer

August 2019 - April. 2021

Nextmedia, Rabat

- Developed and maintained responsive websites and interactive front-end experiences using modern JavaScript frameworks.
- Worked across the full product lifecycle, from requirements and implementation to testing, release, and maintenance.
- Translated UI/UX designs into responsive, cross-browser interfaces across desktop, tablet, and mobile devices.
- Built reusable front-end components and improved code quality, maintainability, and consistency.
- Participated in code reviews and collaborated with developers to share knowledge and apply front-end best practices.
- Investigated and resolved front-end bugs to ensure reliable production releases.

● Front-End Developer

March 2017 - August 2019

Webdevia, Meknes

- Developed and maintained dynamic websites using modern front-end frameworks.
- Participated in all phases of the product lifecycle, from ideation to release.
- Ensured seamless UI/UX design for cross-browser and device compatibility.
- Participate in code reviews to ensure code quality and distributed knowledge
